- 200 cataract surgeries
- 2,104 patients reactivated
- \$380,000 in receipts

*“Thank goodness for Brevium!”*

*Robert Cionni M.D.*

# Fill schedules – Increase surgeries Improve compliance

## *Brevium makes it easy to bring lost patients back.*

Our software will find the lost patients in your practice management system data, and direct and measure the efforts to bring them in. Just have your staff run the program and make calls. Expect revenue, office visits, and surgery volumes to increase 10-15%\*.

## *Guarantees*

- **Cash flow positive:** We'll generate more receipts than our first bill before it's due.
- **500% return:** We'll generate at least 500% of our fees in receipts every month thereafter.
- **30-day guarantee:** Pay nothing if you try it for 30 days and decide not to keep it.
- **Month-to-month agreement:** No need to hook you with terms - we succeed by delighting our customers.

## *Costs*

- Free installation, training, and support
- \$100 per doctor opting in per month
- \$6 - \$10 per patient reactivated (based on volume)

## *Technical Requirements*

- Access to your practice management system data
- Two or more years of data to mine
- Appointment slots to fill

\*with 5 - 10 hours of call time per week per doctor — expect 2 - 3 appointments per hour of call time.  
If you prefer to have someone else make the calls, ask us about our call service partnerships.

# Brevium

Patient Reactivation Software

## Serving 600+ eye doctors nationwide
